Carlisle Waverley Viaduct Trust  
13 Beaver Road  
Carlisle  
Cumbria  
CA2 7PS

To the Directors and Patrons of the Trust

I am writing to congratulate you on successfully moving on the application for a grant from the Heritage Lottery Fund.

We would like to record our support and best wishes for a successful conclusion of your application.

The opening of the Viaduct is essential to the local area in many ways and on many levels:

- Providing practical access to the wider area for local residents.
- Offering education and interaction with important wildlife areas and landscape.
- Interpreting Carlisle Industrial Heritage, both what is available and that yet to be uncovered.
- Access to national cycle and walking routes such as Hadrian's Wall Path.
- The opportunity to develop professional guided walking tours of the area.
- Finally, all the above will enhance health, enjoyment of life and be of benefit to the local economy.

Best wishes for a successful outcome.

*Carol*
