Dear Mr Maxwell

**CARLISLE WAVERLEY VIADUCT TRUST**

I have read with great interest your proposal to re-open the Waverley Viaduct. I do hope I have addressed my letter of support to the correct organisation. If this letter needs to be sent to the Carlisle City Council Planning department please let me know.

This is great community project that will achieve many worthwhile benefits for the community whether they be young or old. It will also bring to life for our younger generations the spectacular historic past of the City of Carlisle and its world famous railway heritage.

It is some seven years I moved away from the city following the closure of St. Aidan's County High School. I still keep a keen interest in the city and this community project needs to succeed.

I fully pledge my support for the Carlisle Waverley Viaduct Trust.

If there is anything else I can do to help please do let me know.

Yours sincerely

**Martin Murphy**  
Executive Principal

Arden Multi Academy Trust  
Ex Headteacher of St. Aidan's County High School until August 2008
